Vote Summary

The first vote was recorded at 08:16, and the last vote at 23:00 after the 3-hour extension. A time-setting discrepancy was reported as the cause of the approximately 15-minute delay at the start of voting. The first vote was cast using a Gmail account.

Email access and participation

The supplied email figures indicate that 7 438 recipients opened the voting link through their emails, while 6 464 voted through that link. These figures require reconciliation with the overall voting total to explain the other access routes.

Gmail account participation

One set of figures records 1 414 students voting through Gmail accounts, with 577 not completing voting. This represents a participation rate of 71,0% among the 1 991 accounts in that group.
